THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Weare, in the county of Hillsborough, in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at the Town Hall in said Weare on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To choose by separate ballot one Trustee of the Trust Fund for three years.
4. To choose by separate ballot one Trustee of the Library for three years.
5. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges, reserving 50 per cent for winter roads; and also to take any other vote relating thereto.
6. To see what sum of money the Town will vote to raise and appropriate for the observance of Memorial Day.
7. To make provision for the collection of taxes.
8. To see if the Town will vote to allow a discount on taxes.
9. To see if the Town will vote to raise and appropriate the sum of \$1,572.93 to be used with the sum of \$6,291.72 to be furnished by the State for construction of Class V Highways.

10. To see what sum of money the Town will vote to raise and appropriate for the Weare Fire Department.

11. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

12. To see what sum of money the Town will vote to raise and appropriate for the support of the Weare Library.

13. To see if the Town will vote to authorize the Selectmen to administer and dispose of any real estate acquired by the Town through Tax Collector's deeds.

14. To see if the Town will vote to raise and appropriate the sum of \$10,000; the State to furnish \$70,000 to be used for the construction of State Aid roads. And take any other vote relating thereto.

15. To see what sum of money the Town will vote to raise and appropriate for the care of neglected cemeteries, especially soldiers' graves.

16. To see what sum of money the Town will vote to raise and appropriate for band concerts.

17. To see what sum of money the Town will vote to raise and appropriate to retain a resident physician. Also take any other vote relating thereto.

18. To see if the Town will raise and appropriate a sum of money to be used at Chase Park.

19. To see if the Town will vote to raise and appropriate the sum of \$116.14 to continue the Town's membership in the Merrimack Valley Region Association.

20. To see if the Town will sell or donate their interest in part of the Johnson pasture, so called, located near the gravel bank at South Weare to the Consolidated Sportsmens Clubs of Weare, New Boston, and Goffstown.

21. To see if the Town will vote to raise and appropriate the sum of \$400.00 for White Pine Blister Rust Control.

22. To see how much money the Town will raise and appropriate for water holes.

23. To see if the Town will vote to withdraw the capital reserve funds. The money to be used for the construction of the Deering Road.

24. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be given to the Philbrick Clement Post, No. 65, the American Legion of Weare, for the purpose in assisting said post in defraying the cost of repairs on the buildings owned by them.

25. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 17th day of February in the year of our Lord nineteen hundred and forty-eight.

GEORGE A. WATERMAN,
J. HARDY LEGGE,
ALBERT S. FARMER,
Selectmen of Weare.

HAROLD W. FELCH,
Auditors.

ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

The department answered 30 alarms during 1947, including 16 chimney fires, 4 building fires, 6 brush or grass fires, 2 rubbish fires, 1 truck fire, and 1 oil fire. This is below the average number and reflects credit on the people of Weare when we consider the serious season of last fall. Patrol and other prevention measures taken during that period proved well worth while.

Water supplies were the lowest in the history of the department and the hazard that existed cannot be over emphasized.

Several serious building fires occurred this past year and where any possible attempt could be made to save the buildings involved, good work was done.

Brush fires were held to small areas even though several occurred on the most serious fire days of the worst fire season on record. The co-operation of the citizens of Weare during this critical period is much appreciated.

Monthly meetings were held and well attended as were several drills of the companies. Many new men were given instruction and training.

The department adopted a system of small payments for attendance at meetings and regular drills which has worked out well in keeping up the interest and efficiency of the companies.

During the past year 200 feet of 2½ in. hose was purchased as well as small items of equipment, also tires for the Center truck. The large hose was used on fire and proved its effectiveness when sufficient water is available.

No specific water hole appropriation was made this past year but fences were repaired in some places. More work will be required to keep up the water holes this year as several need fencing, bushes cut and some cleaning out should be done.

The dam at Riverdale was repaired and rock fill was added to the Weare Center dam, greatly strengthening it.

The appropriation for 1947 included a sum to begin the purchase of material for the building of the new fire station at Weare Center. This money was used to purchase sufficient cement blocks to erect this building. These, together with the lumber on hand, gives us quite a start on this project. This building should be completed this year as the old station is getting to be unsafe to support the truck and will require a whole new floor if we continue to use it long.

This past year there were appointed three new fire wards or engineers to assist in carrying on the work of the department and their assistance is greatly appreciated.

It is hoped that the good work of the department may continue and that it will receive the co-operation and support necessary to carry on and render even better service to the people of Weare.

Respectfully submitted,

GERALD H. HIGHT, Chief,
Weare Volunteer Fire Department.

FOREST FIRE WARDEN'S REPORT

I have received from the town for forest fires	\$448.15
The State has reimbursed the Town	217.16
I have collected from two parties burning	
unlawfully	14.15 and 9.75
and have paid the men direct	
Leaving the forest fires for 1947 costing the	
town	230.99

We have had five forest fires this year, and did spend some money in patrolling the highways during the worst fire period I have ever known in 37 years' experience as a Warden and Deputy.

However, we are very fortunate not to have had a very much larger loss and expense to the town.

If everyone had not been on their toes, and did a wonderful job, I am doubtful of what the outcome may have been.

I wish to thank all who did so much to prevent and extinguish fires during this critical period.

The high school boys, the ladies, who were on watch, the telephone girls, and all who helped saved our forests and property from destruction.

Please remember that you must have a permit from your Forest Fire Warden when burning, if the ground is not covered with snow.

Trust that we may have the same co-operation in the future.

C. F. EASTMAN, Warden.

RECORD OF SCHOOL MEETING, 1947

At a meeting of the inhabitants of the School District in the Town of Weare, qualified to vote in District affairs, holden at the Town Hall in said District on the 29th day of March, 1947, at eight o'clock in the evening.

The meeting was called to order by Charles F. Eastman, Moderator, and proceeded to the transaction of business as follows:

The Warrant was read by the Moderator.

On motion of Franklin Flanders voted to adopt the following resolution; *Resolved*, That this meeting observe one minute of silence out of respect for our late School District Treasurer, Bert O. Sawyer, who served the District faithfully and well for many years.

ART. 1. Charles F. Eastman was nominated for Moderator. On motion of Frank H. Peaslee voted that the Clerk cast one ballot for Charles F. Eastman for Moderator, which was done, and the said Charles F. Eastman was declared elected Moderator, and in open meeting took the oath of office prescribed by law.

ART. 2. Gertrude W. Osborne was nominated for Clerk. On motion of Franklin Flanders voted that the Moderator cast one ballot for Gertrude W. Osborne for Clerk, which was done, and the said Gertrude W. Osborne was declared elected Clerk, and in open meeting took the oath of office prescribed by law.

ART. 3. Dorothy E. Moody and Hilda Bruyneel were nominated for member of the school board. Whole number of ballots cast, 176 of which one was blank, Mabelle C. Jacobs had 3, Beatrice Bockus had 3, Hilda Bruyneel had 44, and Dorothy E. Moody had 125, and the said Dorothy E. Moody was declared elected a member of the School Board for three years, and in open meeting took the oath of office prescribed by law.

ART. 4. Samuel D. Chase was nominated for Treasurer. On motion of Gerald Hight voted that the clerk

cast one ballot for Samuel D. Chase for treasurer, which was done, and the said Samuel D. Chase was declared elected Treasurer.

ART. 5. On motion of Gordon Boynton voted that we pay salaries of school officers the same as last year.

ART. 6. No action taken.

ART. 7. On motion of George C. Sawyer voted that the town auditors audit the school books.

ART. 8. On motion of Franklin Flanders voted that we raise the sum of \$29,969.00 for support of schools.

ART. 9. On motion of Gerald Hight voted that we raise \$400.00 for school lunches.

ART. 10. On motion of Alfred Osborne voted that we raise \$300.00 for visual aid equipment.

ART. 11. On motion of Chester W. French voted that we raise \$1,800.00 for increases in teachers' salaries for school year 1947-1948.

ART. 12. On motion of Frank H. Peaslee voted that this meeting go into a committee of the whole.

On motion of Gordon Boynton voted that we dissolve the committee of the whole.

On motion of Franklin Flanders voted that the Moderator and School Board appoint a nominating committee of 3 to retire and bring in the names at once of 10 persons to serve as a committee to investigate the educational and recreational needs of Weare School District and report at an adjourned meeting on May 20, at 8:00 P. M.

The following nominating committee was appointed: Fred C. Jones, Eva M. Sawyer and Leon Grant.

On motion of Wendell C. Colburn voted to appoint the following committee of ten, as recommended by the nominating committee:

Albert S. Farmer, August Bruyneel, Alfred Osborne, Dorothy E. Moody, Elwin L. Hardy, Harold F. Flanders, Arnold T. Peaslee, Wilbur W. Kamp, John A. Dodds, and Doris Hadley.

On motion of Herbert L. Duxbury voted that August Bruyneel be chairman of this committee, Albert S. Farmer having refused to act in this capacity.

On motion of Gordon Boynton voted to give a rising vote of thanks to Mabelle C. Jacobs for her services as a member of the School Board.

The minutes have been read.

On motion of Alfred Osborne voted that this meeting be adjourned until May 20 at 8:00 P. M.

A true record—Attest:

GERTRUDE W. OSBORNE,
Clerk of District.

REPORT OF ADJOURNED SCHOOL MEETING, 1947

At the adjourned meeting of the voters of the School District of Weare held in the Town Hall on Tuesday, May 20, 1947, at eight o'clock in the evening.

The meeting was called to order by Charles F. Eastman, Moderator.

On motion of Frank H. Peaslee voted that this meeting go into a committee of the whole.

On motion of Alfred Osborne voted that the Moderator act as chairman of this committee of the whole.

On motion of Frank H. Peaslee voted that this committee of the whole be dissolved and that we proceed to the regular business.

On motion of Chester W. French voted that the report be accepted and made a part of the permanent record.

Report of Appointed Committee

Mr. Moderator, we submit this joint and final conclusion of the entire committee. These are not hasty conclusions, but were reached after the committee had met four times and made a tour of inspection of the grade schools. They are also based on facts and figures obtained from different architects and our superintendent of schools, Mr. Foote.

The educational and recreational needs of the town are very closely related. You cannot talk about a gymnasium without considering the urgent need for a consolidated Grade school. And talk of a consolidated Grade school brings up the future of our High School. Does the town want to maintain its own High School as it is, giving a limited number of subjects to fifty pupils at a high cost per pupil, or does the town want to join with some neighboring town and transport all High School students to a larger school where our children

could have greater advantages than our present school can offer them?

There is no doubt but that we need a new gymnasium. We also need a new consolidated Grade school. Our present grammar school buildings are inadequate, lacking in sanitation and water. They need repairs which will be costly. To make such repairs we believe would be a waste of money.

To build a gymnasium to meet the standards of those who "want a good one or not any," would cost eighty thousand dollars. That expenditure would tie the hands of the school district for years, and nothing could be done about a consolidated Grammar school.

A new Grade school building would cost several times more than the \$70,000.00 estimated before the war. This in itself would be a heavy financial burden. We could however be relieved of that in part if the town should decide in the future to give up its own High School. In that case the present High School building could be used as a Grade school for all the town.

There is also the possibility that a Quonset hut may be secured from the Government and erected and equipped for a gymnasium.

The committee has reached the following conclusions:

1. First, that the high prices and scarcity of materials make it impractical to build this year, except in one case; if a Quonset hut can be secured and erected, and equipped for a gymnasium at a reasonable cost, and the town would feel it to be an adequate structure for a gym.

2. The educational needs of our children have taken precedence over a new gym. Our children in the grades need a new building. If we wait a while before building the matter of what the town wants for a High School might become clearer. That would largely determine what should be done about a consolidated Grade school.

3. In a year or two the town must face the need for a consolidated Grammar school.

We realize that each of you here tonight must have given this matter a great deal of thought, but we urge that you give consideration to every angle before voting any definite action.

Respectfully submitted,

THE COMMITTEE

Alfred Osborne,	Dorothy Moody,
Doris Hadley,	Wilbur Kamp,
John Dodds,	Harold Flanders,
Albert Farmer,	Arnold Peaslee,
August Bruyneel,	Chairman.

It was the request of Mr. Hardy that his name be taken from the committee as it was impossible for him to attend the meetings.

Minority Report

Not being entirely in accord with the rest of the committee, I would like to submit this brief report for your approval. I believe that the town should raise money to build a central grammar school and gymnasium combined. This fund to be set aside until such time as building conditions would make it possible to start construction.

(Submitted by Arnold Peaslee)

ART. 13. Theodore W. Flanders moved that the Weare School District acquire a site for and thereon erect, originally equip and furnish and grade the lot about a building suitable for use as a consolidated elementary school equipped with an auditorium-gymnasium.

The vote being taken by ballot, the total number cast was 123 upon which there was one blank, 54 no and 68 yeas, and the moderator declared the motion carried.

On motion of Frank H. Peaslee voted that this consolidated elementary school equipped with an auditorium-gymnasium be erected as a memorial to the Weare Veterans of the wars in which the United States has been engaged.

ART. 14. No vote taken.

ART. 15. No vote taken.

On motion of Wendell C. Colburn voted that we take up Article 16.

ART. 16. On motion of Doris Hadley voted that a committee of three be appointed, one by each member of the School Board, to act with the School Board to bring in plans for a High School and gymnasium; a consolidated grade school and gymnasium; a gymnasium connected with the High School; and a new consolidated grade school; and a selection of sites for each plan, and report at the next School Meeting.

ART. 15. On motion of Frank H. Peaslee voted that the sum of twenty-three hundred dollars (\$2,300.00) be raised and appropriated for the purpose of paying an architect to assist in the selection of a site for and the preparation of plans and specifications of an auditorium - gymnasium for the Weare School District, and that this sum be paid from State Aid for school districts received by the Weare School District from the State of New Hampshire during the year beginning July 1, 1947. On a division vote the total number voting was 57, 28 voting No, and 29 voting Yes.

On motion of Alfred Osborne voted that the remaining articles in the warrant be indefinitely postponed, and that this meeting be adjourned.

A true record—Attest:

GERTRUDE W. OSBORNE,
Clerk of District.

REPORT OF SPECIAL SCHOOL MEETING JULY 10, 1947

At the special meeting of the voters of the School District of Weare held in the Town Hall on Thursday, July 10, 1947 at two o'clock in the afternoon.

The meeting was called to order by Charles F. Eastman, Moderator.

On motion of Scott F. Eastman voted to adopt the following resolution:

Resolved, That this meeting observe one minute of silence out of respect to the memory of our late School District Clerk, Gertrude W. Osborne.

Alfred Osborne was nominated for temporary clerk, but declined to serve. Franklin Flanders was nominated for temporary clerk and was declared elected, and in open meeting took the oath of office as prescribed by law.

ART. 8 of the original warrant—(To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of statutory obligations of the district as determined by the School Board in its annual report) was read by the clerk.

Superintendent of Schools, Lewis Foote was called on to explain provisions made by the legislature.

On motion of Frank H. Peaslee voted to reconsider vote taken under Article 8 at the regular school meeting.

On motion of Clarence S. Still voted that the Weare School District accept and appropriate funds provided under the State Aid bill and that the budget for the support of schools as proposed at the last annual meeting be amended as follows:

Teacher's salaries, High	\$9,800.00
Teacher's salaries, Elementary	8,900.00
Textbooks, High	350.00
Textbooks, Elementary	400.00
Scholars' supplies, High	425.00
Scholars' supplies, Elementary	425.00
Minor repairs, High	1,300.00
Minor repairs, Elementary	800.00

And that the estimated income as given in the School Board's estimate be made to read \$12,770.95, and the assessment to be raised by the town to read \$28,346.05, this amount including the special articles approved at the annual meeting.

On motion of Chester W. French voted to adjourn.

A true record—Attest:

FRANKLIN FLANDERS,
Clerk of District.

A true copy of record—Attest:

FRANKLIN FLANDERS,
Clerk of District.

**THE STATE OF NEW HAMPSHIRE
SCHOOL MEETING WARRANT, 1947**

To the Inhabitants of the School District in the Town of Weare, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 29th day of March, 1947, at 8 o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
9. To see what sum of money the district will vote to raise and appropriate for the school lunch program.
10. To see what sum of money the district will vote to raise and appropriate for visual aid equipment.

11. To see what sum of money the district will vote to raise and appropriate for the increases in teachers' salaries for the school year 1946-1947.

12. To see if the district will vote to raise and appropriate the sum of \$200.00 for high school athletics.

13. To see if the district will vote to build a new auditorium or gymnasium or combination central grade school and auditorium or a central school. Acquire the land for a site and purchase necessary equipment.

If the district adopts the provisions of the preceding article:

14. To see if the district will vote to raise and appropriate a sum of money for the purchase of a suitable site for a new central school or gymnasium.

15. To see if the district will vote to raise and appropriate a sum of money for the purpose of constructing and equipping a new central school or gymnasium and in order to provide such funds to authorize the school board to issue serial notes or bonds in the name of and on the credit of the district for this amount in accordance with Chapter 72, N. H. Revised Laws.

16. To see if the district will vote to elect four citizens of the district to act in conjunction with this school board as a building committee, to select a site and to execute all contracts and agreements necessary, proper or advisable in connection with the purchase of land for a school site and the construction and equipping of a new central school or gymnasium.

17. To see if the district will authorize the School Board to make application to the Federal Works Agency for funds under Title V of the War Reconversion and Mobilization Act for the preparation of plans and specifications for a new central school or gymnasium and to execute and deliver in the name of and behalf of the school district, any and all contracts, agreements necessary for the purpose of obtaining a loan or grant from the Federal Works Agency or any other agency of the United States government.

18. To see if the district will authorize the building committee to engage an architect to assist in the preparation of plans and specifications as provided in Article 5.

19. To transact any other business that may legally come before this meeting.

Given under our hands at said Weare this 25th day of February, 1947.

MABELLE C. JACOBS,
ELSIE PURINGTON,
CLARENCE S. STILL,
School Board of Weare.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Weare:

I hereby submit my annual report as Superintendent of the Schools of Weare.

Our current school year opened with but one change in our staff of teachers. John A. Dodds, after four and a half years as Headmaster, resigned to accept a position in West Lebanon. We were very fortunate in securing Gordon A. Traver to replace Mr. Dodds.

Our enrollment figures are but little changed from those of a year ago. We are crowded at the Weare Center, South and North Weare schools. With possible increased numbers another fall, it will be difficult to adequately handle the problem.

Much of the thinking and planning of your school board and superintendent has revolved around the problem of school housing. Not only are our so-called rural schools crowded, but they are also in need of major repairs. Three of the four buildings do not have running water and modern conveniences. In view of the advantages of centralized schools, it is a problem of deciding as to whether it is financially sound to invest funds in our rural school buildings. I believe it was the feeling of the citizens' committee appointed last March to study the problem, that we should look forward to a consolidated elementary school.

During the past year several meetings have been held in Weare, New Boston and Goffstown relative to a co-operative or consolidated high school. The legislature of 1947 passed the so-called Co-operative School Bill which provided that two or more school districts could combine for the purpose of jointly operating any phase of their school programs. If the three towns mentioned above were to build and equip a co-operative high school, Weare's share of the construction costs would be approximately 19 per cent, the ratio of Weare's equalized valuation to the total equalized valuation of

the three towns. Of the operational costs of such a school Weare would assume 26 per cent, based on its ratio of pupils to the entire number.

Such a program would necessarily require considerable study. Your local school board and superintendent have considered the matter at some length. There are certain definite advantages and an equal number of disadvantages of such a program. The problem of weighing the matter rests largely with the citizens of the several towns.

At the annual meeting last spring several articles were presented to the school board for inclusion in the warrant relative to school building construction. At that time it was voted to form a committee of six (the three members of the school board augmented by three other persons) to bring in plans for suggested school buildings.

The committee analyzed the problem carefully. It was the opinion of the committee that to spend funds for the actual preparation of plans should not be done until the district expressed a definite opinion on one basic and critical question. The whole problem of planning rests on the future of your present high school.

If the district desires to maintain its high school for the next fifteen or twenty years, regardless of the financial demands on the district and regardless of the educational problems presented by a small high school which by necessity limits the function of such a school, then your committee felt that the district should make preparations for the building of a consolidated elementary school for erection as soon as the market seemed favorable.

On the other hand, if the district is of the opinion that it can maintain its high school but for a relatively few years longer, then your committee felt that the district should plan on transporting the high school pupils to one or more neighboring high schools, and plan to renovate the present high school plant into a satisfactory consolidated elementary school.

In determining the future program for the Weare schools, the factor of finance looms large. The degree to which a town has the ability to pay will probably be

the controlling factor in its planning. All costs, both town and school, are continuing to increase, while on the other hand the valuation of many of our towns is practically a constant.

Respectfully submitted,

LEWIS F. FOOTE,
Superintendent of Schools.

February 12, 1948.

REPORT OF THE HEADMASTER

To the School Board and Superintendent of Schools:

In a report of this type, in my opinion, is the time to state facts regarding the Weare Junior-Senior high school as seen by your headmaster and teachers. I have asked the teachers, namely, Miss Batchelder, Miss Johnson, Miss Heidenblad and Mrs. Lambert, to also add a few lines as related directly to their classes. The teachers and I are very grateful to you, Mr. Foote, as superintendent for your exceptionally fine spirit of co-operation and to the Weare School Board and Townspeople for being so vitally concerned and interested in recognizing, not only the problems of the pupils, but also of the teachers. We as teachers are happy to be a part of your community, and relate to you facts in which we think you will not only be interested, but also, concerned.

The present school year opened on September 4th, with an enrollment in the high school of twelve seniors, eleven juniors, sixteen sophomores and thirteen freshmen. To date, we have lost two freshmen, gained one; gained one sophomore, and lost the same. Both of the freshmen dropped out of school because they were needed at home. The sophomore transferred to another school. In the seventh and eighth grades, there were thirty-seven on September fourth. Total enrollment as of the time of this writing: Senior high school—fifty-one; junior high school—thirty-five. Average attendance for the first half of this year for the senior high school is 93.6 per cent.

Parent co-operation plays a tremendously important part in the pupils' attitude toward school, the number of pupil tardinesses and absences, and to their behavior while in school. In fact, their whole educational outlook is basically determined by the views expressed at home. I am pleased to have this parent co-operation which is reflected every day within the school by its pupils. The display of parent understanding is also evident concerning the school lunch program of which

the citizens of Weare can well be proud. In this program we endeavor to teach the child to like foods which are new to him and to encourage the drinking of milk.

There have been many improvements this year. In the main building, the water fountain downstairs has been repaired and we have a new one upstairs. The Home Economics room has been improved greatly. A new duplicating machine and typewriter have been added, also, through the thoughtfulness of the Weare Parent Teachers' Association, a new 16mm. projector has been purchased. A new 35mm. slide and film strip projector has been purchased. Because these machines were rapidly finding their way into daily instruction, we found it desirable to have a new electrical outlet in each room; this has been accomplished. We are now becoming increasingly concerned as to how we are going to establish our film library. To date, we have rented all of the films used. Though we may not have too many films in our future library, we do hope to have a large number of film strips which are not only more practical to own, but also to have available for immediate use.

In the Agricultural shop many improvements have also been realized. New benches are being made, and quite a few new tools have been purchased. The shop has been rewired and now supports a light over each workman's position as well as over each grinder, drill-press and circular saw. This is quite a contrast to the six lights that were in the shop before. It is obvious that it is cheaper to furnish light than it is to correct accidents which have happened because of insufficient lighting, to say nothing of the eyes saved through this same medium of proper lighting.

In athletics, we carry on as usual, supporting both girls and boys basketball, boys baseball and girls softball. The seventh and eighth grades have an hour recreational period each week. We are particularly appreciative of the two hundred dollars the town appropriated which we are using for bus travel to all our basketball games. Safety once again is being stressed. The convenience, comfort and security brought to students and coaches cannot be fully expressed.

Report of Junior High School

In my annual report of Junior High, I am glad to say that with the exception of a few necessary absentees, we have had a very good attendance record during this current year.

I should like to emphasize the fact that pupils coming into Junior High find such a decided change in their work schedule that it is necessary, in most cases, for some home work to be done every day in order to keep up with the work. They need to assume this responsibility.

This year, with all the courses being taught, teachers' loads are heavy, leaving none to take care of some study halls, and some of the seventh grade classes have had to be taught with a large study group in the back of the room. While the co-operation has been as good as we can expect, it is hard to do as well with this particular group this way. Yet, I feel that most of them are learning, through this seeming handicap, the ability to use more concentration.

LEONA M. BATCHELDER.

Social Studies and Languages

Our work in English and the Social Studies has been greatly facilitated this year by the new equipment and books which have been purchased.

The course in World Problems which was taught two years ago without a text now has a new and very good textbook, "Contemporary Problems" by West, Meredith and Wesley. In this course we do also use the "Weekly News Review," a student-level newspaper purchased by the school for each member of the class.

The new film-strip projector is especially valuable in such a course as this. We plan to make extensive use of it as soon as we are able to darken the rooms with black curtains which are now being purchased.

The installation of wall outlets in the class rooms enables us to use the picture projectors and the radio with small groups.

Our English classes have been helped considerably through the use of the new duplicator and the typewriter. These two pieces of equipment have made it

possible for us to publish a school newspaper. The newspaper project has enlivened our work in English composition and has aroused the interest of all the students.

The problem of home reading for our English classes has been lessened through our subscription to a students' book club. The pupils may obtain the monthly selections at forty cents per book. Although these are not all classics they are good, readable books which help to develop the reading habit in our students.

This year has seen the fulfillment of many of the wishes which I have had for our high school since I came here. It is very clear that we have made much progress in the past year. I would like to pass on the following suggestion for next year. The use of current materials in our classes is becoming more and more desirable. Magazines and newspapers should be an integral part of every school library. If the high school could have subscriptions to two or three national newspapers, a local or state newspaper and several of the worthwhile weekly and monthly magazines which are not generally available in the homes of the students, I feel that our work in the social studies could be made more significant.

CHARLOTTE HEIDENBLAD.

Home Economics and Biology

This year the Home Economics Rooms have been re-decorated. The kitchen has an inlaid linoleum on the floor and table tops. The tables were painted white and trimmed with red. The walls are cream. New red and white dotted swiss curtains hang at the windows. The clothing room has moveable desks, which are used for cutting tables. Two new outlets make it possible for students to do all of their sewing in this room. This way they keep the clothing materials away from the food. The Home Management class did some of the re-decorating as one of their projects.

All of these improvements help in making very enjoyable rooms in which to work.

A closet for storing school lunch supplies was renovated by the boys. This helps a great deal as we are able to store cases of fruits and vegetables.

The home management class is now redecorating the model house. The girls enjoy this project as it gives them a chance to actually redecorate rooms as they would in a larger home of their own.

The girls in clothing class entered suits, skirts and dolls in the East Weare Grange Fair. A number of the entries were awarded Blue and Red ribbons.

The Biology class is very large. They have done some experiments and have worked with the one microscope. I feel that any teacher would be able to give more attention to students in a smaller class, also one with more equipment available for experiments.

ALBERTA A. JOHNSON.

Mathematics

This year Algebra I and Advanced Mathematics are offered, the latter consisting of a half-year of Algebra II and a half-year of Trigonometry. Our mathematics program is sufficient to meet the requirements of most schools of higher learning. The Algebra I class is unusually large and happens to be the last period in the day, which makes a poor combination. There are students from all four classes of high school, with varying abilities. It is impossible to secure the results desired or to give much individual help with this situation.

Junior Business Training was offered last year and again this year, the only business course we have. The class has sponsored a school savings bank since the beginning of the school year with approximately fifty depositors out of eighty-seven students or about 58 per cent of the school. A few have succeeded in saving regularly each week, and it is hoped that others may be encouraged into the habit of saving, even small amounts.

PEARL E. LAMBERT.

Respectfully submitted,

GORDON A. TRAVER,
Headmaster.

REPORT OF THE SCHOOL NURSE

Good health is given first place among the needs of children. All should be as healthy as possible, and learn how to remain healthy.

In our work with the school children, we have had, and continue to have, the support and understanding of the parents and the several organizations in our towns. The Red Cross and the Parent Teachers' Association have been actively interested in aiding and correcting at least four of the most outstanding and common physical defects found in school children; namely, teeth, vision, hearing and tonsils.

I would like at this time to thank the organizations in Weare for their co-operation and financial help last May and June when over seventy children received dental corrections. If it had not been for this help, we could not have had our dental clinic.

Every child who is to enter school for the first time in the fall should have a thorough examination by a physician and by a dentist in the spring or early summer. This would allow the summer time for correction of defects and for vaccinations, also immunizations if needed. Frequent use of clinics affords an opportunity for an early diagnosis, treatment and corrections. Nearly every pupil in our schools has had the Patch test for tuberculosis, and many have been immunized against diphtheria, whooping cough and tetanus before entering school. This test was given in March, 1947 and again this fall to those who had not had it before. When the Patch test was given March 21, 1947, all were found negative to tuberculosis with the exception of four. These children had a chest X-ray a few weeks later at the tubercular clinic in Manchester.

A toxoid clinic and baby clinic was held at South Weare, October 1, 1947. Several school children were given the booster dose of toxoid at this time.

About 200 pupils were examined in the fall of 1946, the beginning of our school year for 1947. All those in

the High School were examined by Dr. Gillander. The following report shows the number of pupils affected at the time of this examination, and the number of defects corrected:

Defective vision	40.	Number of defects corrected	35
Defective teeth	140.	Number of defects corrected	127
Diseased tonsils	12.	Number of defects corrected	6

There were four cases of appendectomy.

In the fall of 1946, there were eleven cases of jaundice at South Weare school.

Accompanied five to the doctor, and one to the Elliot hospital orthopedic clinic.

Hot noon lunches are being served in our schools.

EDITH G. WALKER,
School Nurse.
